Hi Dan.

Great job helping the councilmember today, and I'm sure you had some input on his speech too. :) As always he did a great job. I wanted to see if you can help me with something.

I know you have a lot on your plate right now, so perhaps you can point me to the right direction. My friend Ron Radachy (copied here) works with an organization that did a mobile medical clinic at Lemon Grove park last April. The clinic provided medical, dental, and optical services for no charge to the people in the community. The group is fully licensed and insured and had worked with the neighborhood council to get this up and running last year. Despite expressing interest in doing it again this year, Ron's attempt to follow up with the neighborhood council seem to have fallen on deaf ears.

I know the Councilmember had mentioned during his speech today he wanted to do more to activate the park, and I was thinking this may be a good way to do it, even if it's only once in a while.

Let me know your thoughts, and if you're interested I'll have Ron reach out to you directly.

Hi Joe.

I remember the clinic last year.

I am happy to help get it out there again this year, please let me know exactly what I can do to help. What is needed from the neighborhood council?

Hi Julie.

I happened to speak to Jim Sage on the phone today.

Sunset Media Towers has given him the okay for the additional antenna. He needs to redo a couple of documents and submit it to them, which he will do next week. He made a commitment to install the camera by July 25th.
